Celebrating “Boy Scouts of America Day” President Bob called the meeting to order, introducing Glenn Rossman to deliver our Inspirational Moment. Glenn, he reported, was a member of the championship team of the first 5’9” and Under Basketball League, of which Glenn was proud to be the tallest! Glenn shared with us of one of his greatest inspirations, a courageous paraplegic from the Viet Nam War who believed in giving forward, and moved on to train medical students and encourage the people of our country to also give forward. The Club 33 Singers then lead us in the Pledge of Allegiance and the Star Spangled Banner accompanied by Bryan Verhoeve.

Mark Burgess presented the News of the Day, sponsored by Buddy Thomas of Superior Planning, Inc. Mark played into the day’s program topic of cyber security by closing with a password joke.

President Bob resumed the podium by welcoming the SDSU Rotaracts. Then, turning to his administrative practice of highlighting excellence from past Club 33 presidents, he told the story of Fred W. Simpson, President in 1944-45 with the classification of automobile/electronic wholesale. Simpson was known for his heavy fines, as this 34th president made his meetings about fun, frolic and finagling. He really plucked a live bird from the petticoats of his executive director!

Andrea da Rosa graciously accepted a fine of $350 for plugging her travel agency and the “new breed” of travel agents. Fellow member and regular client of Balboa Travel, Michelle Candland, advised the Club about the special concierge-type services provided by Balboa Travel (need pajamas while in Nairobi? Or an emergency medical bill taken care of when you are in China?). Andrea’s travel agents have re-cast themselves as full-service experts!

Mia Harenski provided a fascinating and lively report about the online SAT/ACT prep program offered by Winward Academy. Recognizing that finances often play an outsized role in reaching one’s potential, Winward is designed to level the field and give the possibility of greater success to more youth. Ninety-four percent of the students using the program have improved their ACT score. Mia announced that Winward has granted 25 free program registrations to students in Hoover Interact, though it was not free for Mia to advertise this amazing program; President Bob levied her a $500 fine.

Chair of the Day Alison Fleming was introduced as a Certified Financial Planner, President of the Women of Financial Strategies, mother of 2 children, a 3 times Paul Harris Fellow, and animal whisperer (who has rescued many dogs and cats who respond to her call with trust.) Alison gave a welcome to the Rotarian from the greatest distance, Mr. Eli Ueno from Japan. She then introduced speaker Jeff Lanza, a retired FBI agent who specialized in cybercrime, fraud, organized crime, human trafficking and terrorism. He is now an author and a regular speaker on cyber security.

Addressing the genuine issues and concerns of how to stay safe, Lanza pointed out that many cybercrime threats are from Russia and China, countries with no extradition and little vulnerability to our efforts at protection and punishment. Criminals too often focus on using the victim’s emotions, not the brain. A primary protection step, therefore, is to keep yourself averted from emotional responses online and to try to avoid malware and malicious software. How?

- To verify the rightousness of an email, hover over the address, don’t click, to preview. The “s” in https stands for secure.
- Apps are more secure than internet sites.
- Never go to a login through a link in an email or a popup. Always go to the login page directly by typing the site name or, preferably, through a stored bookmark you created.
- Fake Notification emails are prolific. Absolutely check the authenticity of them first!
- Avoid scammers who pose as friends asking you to send them emergency money. Identify people with questions only they would know the answer to.
- Use two factor authentication: a password and a PIN code (most often sent to your phone) to log into online accounts. You can set this up in the “settings” section of your account.
- Use different strong passwords (prefer 12 or more characters) for all your accounts, email, social networking, financial and employer sites. Password management accounts are good: Keeper, LastPass, Dashlane, recommended. Change passwords periodically. Hackers will choose the weakest.
- Zelle is the most secure means of transferring money!
- Never provide personal information in response to an unsolicited request, or open their attachments or links.
- Sign out of your account after you use any public computer.

In closing, President Bob announced that President Elect Suzy Spafford would be presiding over next week’s meeting, as he was going to take time off to cruise the Mexican Riviera. He then did a drawing for those members who wished to risk $50 for the opportunity to win a $660 day trip to the heavenly spa Rancho La Puerta. In three short minutes, we raised $2000 for our club Foundation and Christy White was the lucky winner of the trip. Before ringing the bell, Bob reminded everyone “what happens in Mexico, stays in Mexico.” Vaya con dios!

ROTARIANS AT WORK DAY 2018

Save that Date
Saturday, April 28, 2018

Rotarians at Work Day is a Rotary International program where Rotarians all over the world go into the community on a single day to provide service. Our club has supported this program since its inception. This is a great day to bring your kids, grandkids and prospective rotary members to see our club in action.

Besides planning to attend, if you know of a community project that you and your fellow Rotarians can complete typically in four hours or so on Saturday April 28th, please contact committee chairs Chris Christopher at 619 777-3427 or at cchristopher@dardenbrothers.com, or Emily Rex at 619 607-1001 or at emily.rex@dptr.com. If you would like to serve on the committee to help find and manage one of our projects, please contact Chris or Emily as well.
