## A Message from our President ...

It is truly a pleasure and honor to be serving as the fifth president of the City Heights Rotaract Club! Since joining our club, I knew it was a unique and special group to be a part of. Being part of an organization by young people, for young people, who are like-minded AND want to give back to their community - there's nothing better than that!

the World." We hope to reconnect with past members as well as continue reaching out to young professionals in City Heights that have not experienced Rotary and Rotaract before. In growing our membership, we also hope to step outside our comfort zone and address issues that not only affect our local community, but the world at large. Some interesting conversations have been brewing about service events; I am really excited for what new service projects this year will bring!

Over the years I have seen our club take part in many different events. Whether it be helping to clean up Swan Canyon, cheering on riders at Point Loma Rotary Club's "Ride the Point" or wrapping and handing out gifts for children in City Heights through the Copley Price YMCA, our club is always there to lend a hand - and we hope to continue doing so!

Three months into the Rotaract year, we have pinned five new members, welcomed exemplary Rotarians to address our members and participated in service events that aim to make City Heights just a bit more beautiful. In all that we do, my hope is that all of our members have fun and enjoy themselves! Lastly, I want to recognize our sponsors and supporters, San Diego Rotary Club, Mission Valley Sunset Rotary Club and Price Philanthropies, who work so hard to ensure our club continues to succeed. Our club is truly appreciative of your guidance, we hope to continue making you proud. Cheers to another great year!

This year's Rotary theme is "Rotary Connects the World." In thinking about what we hope to accomplish this year, we decided our theme would be, "Connecting City Heights to
