COMMITTEES AT WORK

The Cardinals Interact Class of 2025

spearheaded a significant community service initiative to improve their environment and lead the Class of 2026 in volunteering. 🌱 Together they removed invasive species while introducing native plants to enhance the local ecosystem.

Through this collaborative project, our students deepened their understanding of the local environment and tapped into their leadership abilities.

They partnered with [Ocean Discovery Institute](#) and San Diego Canyonlands for their collaboration in facilitating a significant positive change in City Heights.

WELCOME NEW MEMBER

Michael Kemmer is a connected solutions architect for Verizon, and our newest YoPro. You can learn more about him by [clicking here](#) or by watching the video linked on page 1.

2024 Rotarians at Work Day!

Rotarians At Work Day happens the last Saturday in April, having started in 2006 as a joint effort between two Rotary Districts (one in the United States and one in Mexico). Rotarians at Work Day continues to grow each year as Clubs around the world identify hands-on projects that all members can participate in to help their local community. Friends and family are welcome. This year we have projects on April 20th and May 5th as well for any Rotarian who isn't able to commit to a service event on April 27th! Our goal is for 100% Rotary Club 33 participation!
